This is the WILD symbol.
It appears on all reels during the FREE SPINS round.
Substitutes for all symbols except SCATTER.

This is the SCATTER symbol.
It appears on all reels.

MONEY SYMBOL

The fish paying symbols are also MONEY symbols. At every spin, the fish take a random money value which can be won during the FREE SPINS feature.

FREE SPINS

Hit 3 or more SCATTER symbols to trigger the FREE SPINS feature.

5x SCATTER awards 20 free spins
4x SCATTER awards 15 free spins
3x SCATTER awards 10 free spins

In the base game whenever 2 SCATTER symbols hit without a third, there is a chance for another one to be brought onto the screen by a random feature:

- Randomly, if the SCATTERS on the screen can move down one position without leaving the reel area, a respin is triggered where the reels with SCATTERS move one position down and the reels without SCATTERS respin.
- Randomly, a hook can pull one of the reels up to reveal another SCATTER.

Before the round starts, 0 to 5 modifiers that apply to the subsequent round are randomly selected:

- MORE FISH - More fish symbols are present on the reel strips during the subsequent free spins round
- MORE FISHERMAN - More WILD symbols are present on the reel strips during the subsequent free spins round
- MORE DYNAMITES, HOOKS AND BAZOOKAS - During the round, the chance to hit dynamite, hook or bazooka spin feature is increased.
- START FROM LEVEL 2 - The round starts from level 2 in the progressive feature.
- +2 SPINS - The subsequent round starts with 2 more free spins from the beginning and 2 more spins are added to every retrigger.

During the FREE SPINS feature each WILD symbol also collects all the values from MONEY symbols on the screen.

All the WILD symbols that hit during the feature are collected until the end of the round. Every 4th WILD symbol collected retriggers the feature, awards 10 more free spins and the multiplier for MONEY symbol collection increases to 2x for the second level, 3x for the third level and 10x for the fourth level. The retriggered spins are played after the previous batch of free spins ends.

The multiplier applies to the retriggered spins.

After the fourth level, the feature cannot be retriggered anymore.

Randomly, when there are fisherman symbols on the screen but no fish, at the end of a free spin, fish MONEY symbols can appear in random positions via the dynamite spin feature.

Randomly, when there are fish symbols on the screen but no fisherman, at the end of a free spin, a hook will appear pulling a random reel up to bring fisherman symbols onto the screen.

Also randomly, when there are fisherman symbols on the screen but no fish, at the end of a free spin, a bazooka animation can appear and change all the symbols from the screen, except for fisherman symbols to something else.

Special reels are in play during the feature.
